

DC Tool Accessories - Extended Spindle Support

STANLEY®

Extended Spindle Support Accessories

Extended Spindle Supports minimize tool vibration from sockets and extensions. Extended Spindle Support Accessories can help to improve:

- **Safety** - minimize the pinch hazard between the tool and the extension
- **Product Quality** - reduce the potential for product damage by helping to prevent tool contact with finished surfaces and cross-threading caused by improper fastener installation
- **Tooling Reliability** - Extended Spindle Support Accessories incorporate a heavy duty bearing that minimizes wobble and reduces side loading to reduce premature tool wear and improve tool reliability
- **Attachment Lifecycle** - extends socket and extension life

Each Extension Support requires an Extended Packing Cap from the table on the right.

Extension Support Assemblies*

Output	Square Drive (in)	4" Extended Spindle	6" Extended Spindle	8" Extended Spindle	12" Extended Spindle
A14	3/8"	20K102504		20K102505	
A15	3/8"	20K102506	20K102508	20K102507	
A18	3/8"	20K102500	20K102509	20K102501	20K102511
A19	1/2"	20K102502		20K102503	

*Includes support and extension
